

HUMANE SOCIETY OF ELMORE COUNTY PET FOSTER APPLICATION

Date: \_\_\_\_\_ Name: \_\_\_\_\_ DOB: \_\_\_\_\_

Street Address (including City, St, Zip): \_\_\_\_\_

E-Mail Address: \_\_\_\_\_ Phone #: \_\_\_\_\_

Partner Name / Age: \_\_\_\_\_ # Children & their Ages \_\_\_\_\_

If no children living in the home, do children visit routinely (grandchildren, neighbors, nieces, nephews, etc)? Y / N

Please indicate which best describes your current living situation (circle all that apply): Rent Own //

City Suburban Country // House Apartment Mobile Home Condominium

Live with Someone else who owns the dwelling // On a Military Base

If you rent, list your Landlord's Name & Phone Number: \_\_\_\_\_

I am interested in fostering the following pets as needed (check/circle all that apply):

Dogs: \_\_\_ Puppies in need of bottle feeding/special care **&/or** puppies eating on their own but too young

\_\_\_ Mother dog with a litter of puppies

\_\_\_ Adult dog (for medical treatment such as for heartworms or other surgery recovery)

Cats: \_\_\_ Kittens in need of bottle feeding/special care **&/or** kittens eating on their own but too young

\_\_\_ Mother cat with a litter of kittens

\_\_\_ Adult cat (for medical recovery such as from amputation surgery, etc)

Other species: \_\_\_\_\_

Have you (or are you now) done foster care for another shelter or rescue group? \_\_\_\_\_ If yes, please describe

\_\_\_\_\_

If you have animals of your own, please describe them by species, name, age, sex, size, and if spayed/neutered

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

Who is your veterinarian for your pets? \_\_\_\_\_

Where do your animals stay throughout the day/night? \_\_\_\_\_

Will your foster's be left unattended for any periods of time greater than three hours? If so, please explain

How will foster animals be controlled or kept from any of your other pets? \_\_\_\_\_

Is your yard completely fenced? \_\_\_\_\_ Please describe size of fenced area, type & height (at the lowest point) of fence and gates?

How will fostered cats be kept safely inside your house as they are not allowed to go outside? \_\_\_\_\_

I understand that animals I am fostering for the Humane Society of Elmore County are the property of the shelter and are not mine to give away or place for adoption without the express permission of the shelter Director or Animal Care Manager. Foster parents will not make 'promises' of animals to any potential adopter as all adoption decisions will be made by the shelter staff.

All immunizations, de-worming medication, other medications, food, crating and bowls will be provided by the shelter.

Fosters are NOT authorized to take fostered animals to a vet without pre-authorization from the Shelter Director or Animal Care Manager and must take them to a vet designated by the shelter.

Foster parents must be able to bring the fostered pet either back to the shelter or to a designated veterinarian at various intervals for necessary treatments or follow-ups.

Falling in love with a fostered animal is an understandable outcome of fostering and something we completely understand. Fosters, however, must pay the same adoption fees as any other member of the public to adopt a pet from our shelter (this policy also applies to our staff).

Once puppies and kittens are eight weeks old, they are to be brought back to our shelter for the purposes of adoption. Fosters are encouraged to tell responsible pet lovers to come to our shelter and adopt one of their foster's or another pet but shelter staff has the final decision in regards to adoption approval.

I agree that the information I have provided is accurate, that all members of my household agree to being a foster family and agree with the policies set forth in this application and the HSEC Foster Care Manual.

Foster Parents may return foster animals to HSEC for any reason (other animals not liking; family emergency, other pets or fosters illness, or simply too much to handle), at any time.
